**Back Safety Training:**

Join us as we discuss.....

- An explanation of ergonomics
- A review of ergo risk factors
- Basic safe lifting techniques
- Recommendations specific to the client's needs
- Engineering controls and PPE
- Stretching exercises
- Conclusion

**Presenter: Art Pedroza**

Pedroza has been working in safety and project management for over ten years. His experience includes projects at refineries, terminals, water districts, power plants, residential, commercial and general industry work. He is a Medic First Aid & CPR instructor and is authorized as an OSHA construction safety outreach instructor. Pedroza is also a certified Biorecovery technician and a Medic Bloodborne Pathogens instructor and he is certified Hazardous Waste Operations (HAZWOPER) trainer.

Pedroza has been an adjunct instructor at Cerritos College since 2003, and he is a member of the American Federation of Teachers. He teaches safety at Cerritos College for an apprenticeship program certified by the State of California. He completed an MBA from the Keller Graduate University and graduated summa cum laude from the University of Phoenix, with a B.S. in Business Management.
